

2013 HALL-of-HONOR INDUCTEE

ASSISTANT COACH

Dean Morehouse – Hope College, Fremont Public Schools

Coach Morehouse started his career as an 8th grade basketball coach in Fremont in 1962. Since then he has held various coaching positions at all levels at Fremont including head varsity, assistant varsity, JV, middle school and elementary. Since 2000 he has been the assistant varsity women's coach at Hope College, contributing to a 345-32 win/loss record and a Division III National Championship since arriving there.

Even though he always had great success on the court, his greater success is the people he has influenced off the court. Dean has been a patient and willing mentor to numerous players and fellow young coaches from all areas of Michigan. He always has time to give advice on not only basketball, but also life skills. He once emptied all the hay out of his barn and created a full court for every kid in 3 counties to come and play at any time of the day. His book, Coaching at 70 Miles Per Hour While Trying to Stay in the Right Lane, pretty much sums up what every coach should do and be.
