

2001 Thomas Hursey Distinguished Service Award Winner: Peggy Porter

Much to her surprise, Peggy Porter received the Thomas Hursey Distinguished Service Award at this year's Hall of Fame banquet. Most of the BCAM members know the amount of time and effort Peggy puts into her job. Therefore, it came as no surprise to those in attendance that Peggy was a deserving recipient.

As BCAM's Administrative Assistant, Peggy has been the "behind the scenes" person for 11 years. She has seen BCAM grow to 2800 members (she processes each form). She does the paperwork that must be done constantly. Not only does Peggy work for BCAM, but also has a full-time job as the registrar at Midland High School for approximately 1600 students.

Tom Hursey sums it up: "Peggy is the reason our office runs as well as it does. She is always willing to put in the time necessary to get the job done. She is one of the main reasons for BCAM's success as an association."
